### *Memo to Cattlemen*

The National Western Sale has long been a source of top quality breeding stock and fine range bulls. This, the 1959 Sale, promises to be even bigger and better.

You can find good bulls in quantity to fit your operation. Also, the largest pen bull show for many years will guarantee the availability of range bulls. The pen operations of straight breeding and large breeding can fill their needs there.

See the Show of Sale cattle on Sunday, January 18 at 10:00 a.m. and visit the pen bulls at your leisure. Take advantage of the great collection of high quality Shorthornes.

**STANDARD GUARANTEE  
OF  
AMERICAN SHORTHORN  
BREEDERS ASSOCIATION**

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

SUSANNA'S BASIS 8TH - A dark red May yearling, sired by Susanna's Basis, by the same sire as Leveldale Pacemaker, 1958 Denver Champion bull, and out of the same dam as Susanna's Custodian 10th, 1957 Denver Champion bull. VON BER MAR BASIS - Basis is from our show herd that has stood up well in his class everywhere shown. A good growthy bull with a good head and lots of bone and substance. A grandson of the great breeding bull, Leveldale Basis and out of a daughter of the top selling bull in North America in 1952, Leveldale Custodian, that sold for \$19,000.00 and did a wonderful job for Susanna Farms. Should make a good breeding bull for someone who needs size and bone in their herd.

SUSANNA'S BASIS 10TH - Another big, red, rugged son of Susanna's Basis out of a Custodian Dam. This bull is bred identically to Susanna's Basis 8th also selling in this sale.

# SHORTHORN BULLS.

*sire healthy and fast gaining calves*

They sire calves with high weaning weights, bringing *added profits* to the cowman. And these calves are healthy, highly resistant to disease. They'll live . . . and do well . . . in rugged terrain and under extremes in climatic conditions.

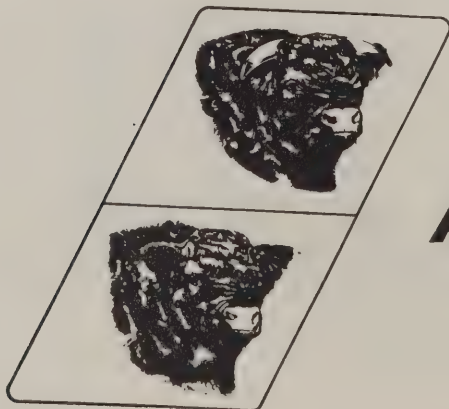

These Shorthorn and Polled Shorthorn bulls are *dependable* breeders . . . rugged bulls that really rustle on the range and sire high percentage calf crops.

They'll put more profit into crossbreeding programs, too, because they'll get good calves from even average cow herds.

These are just some of the reasons why more and more commercial men are buying Shorthorn and Polled Shorthorn bulls.

*They're reasons why it would pay you to do the same.*

Put the "doing ability" of Shorthorn and Polled Shorthorn bulls to work for you . . . siring healthy, fast growing calves. Put more pounds . . . and more profit into your beef raising.

**AMERICAN SHORTHORN**

This sale is your opportunity to put pounds and profit into your beef program. Carefully selected animals are presented in this offering, they represent tops in quality and breeding.

**ASSOCIATION — Omaha 7, Nebraska**

Grass and water plus sound Shorthorns add up to profits on the range.  
These cows and their calves are busy converting feed into dollars.
